Executive Summary

Inverness jail is a medium security, direct supervision correctional facility. It ensures the proper custody, control and supervision of county, state and federal inmates. Inverness supports program activities for offenders needing counseling, education, and mental health services to facilitate inmate's transition back to the community and creates work opportunities for sentenced inmates.

Option C opens 116 beds (dorms 6 and 7) for a total of 401 beds. (General Population)

Program Description

The Inverness Jail is a direct supervision, dormitory facility founded on the principles of re-engineering the responsibilities of the inmates. The current facility population is 843 inmates with a male population of 706 and female population of 137. The rated capacity is established at 1043 inmates. The operations of the facility with available resources offers a practical range of detention options including confinement, community linked programs and other similar sanctions to best serve the needs of society and individual offenders, enhancing offenders ability to return to the community and live in a law abiding manner.

Program Justification

The Inverness Jail is established in accordance with applicable state statues and regulations, with the goal of ensuring public safety by providing professionally managed detention services to confined offenders, pursuant to judgment of the courts. The jail administers its operation in an equitable manner, and in the least restrictive environment consistent with public safety. The facility serves as the central link for regional networking through the inmate transport system.

Performance Measures

The performance measures listed below are linked to both the Safety priority by "Holding Offenders Accountable" and Accountability through "Meaningful Evaluations and Constructive Feedback." The measures include:

- The biennium audit for compliance of Oregon Jail Standards (OJS) set forth by the Oregon State Sheriff's Association (OSSA), and
- The number of tort claims filed by offenders regarding jail operations.

Summary of last year's program results and this year's expected results

OJS audits occur every two years. Last year, MCIJ received a 98.7% full compliance rate with no areas determined to be in non compliance. Expectations are to maintain or exceed this high rating in future audits. In 2004, 12 tort claims were filed by offenders incarcerated within MCIJ. The reduction of this number in the coming year is the goal.

Program Mandate: 2 Mandated Program with Funding/Service Level Choice

In accordance with state statute the Sheriff is required to maintain local detention facility(s). Oregon statutes mandate the operations of safe and humane detention facilities, which require sufficient staff to perform functions involving security, control, custody and supervision of all confined. Mandates include provisions for legal confinement, clothing, bedding, nutritional food, medical services, legal access, sanitation, life safety compliance, offender responsibility of conduct, exercise of religion, educational and work programs.
