**Program Characteristics:** 

#### **Executive Summary**

Work crews perform public service work that benefits the County and other governments, while providing inmates with an opportunity to work under direction and reduce their sentences. Work the crews perform reduces costs to the taxpayers and brings in revenue to the County.

#### **Program Description**

Work crews are usually groups of eight inmates which perform contracted public service work, as well as some gratis community service under the supervision of Corrections Deputies. The program contracts with a huge number of governmental agencies over a year, but the largest contracting agencies are: Multnomah County Facilities (landscaping, janitorial and miscellaneous projects); Oregon, Portland and Multnomah County Dept's of Transportation (roadside and bridgehead maintenance and landscaping); and METRO (illegal dump sites and parks maintenance). Other contracts include the cities of Fairview, Gresham, Maywood Park and Wood Village for landscaping and other labor. Community Service work is usually project-oriented and is performed for agencies that serve homeless and other at-risk populations in the community.

#### **Program Justification**

This program brings in revenue from contracts as well as lowering use of inmate housing, since many inmates' sentences are reduced a day for each day they participate on a work crew. Work crew inmates learn various work skills that can assist them with job placement when their sentences are served. Judges and potential employers can seek referrals from the program.
