**Program Characteristics:**

**Executive Summary**

Children and Teen Services Coordination ensures that Library staff receive training to work with children birth-age 17; offers reading promotion programs; and sets overall direction for services to this age group & their adult caregivers. The office plans systemwide services; develops & evaluates programs; oversees development & education for staff; supervises & administers the budget for youth outreach staff (School Corps, Books 2 U, Juvenile Justice, Early Childhood Resources); advocates in the community for increased use of libraries by children & teens and their parents & caregivers; and explores & engages in community partnerships to increase youth library use, support other organizations' literacy objectives, and improve students' reading scores.

**Program Description**

Children and Teen Services Coordination is provided system wide through four main elements: staff training; youth reading promotions, including Library card campaigns; coordination, partnerships & advocacy; and program development & evaluation.

**Program Justification**

Youth and Teen Services Coordination links to the Education priority. Participation in Library reading promotion programs, such as storytimes and the Summer Reading program, encourages children and their caregivers to spend significant amounts of time with books & using the Library, which are first steps to reading success for children entering kindergarten and students taking standardized tests. Participation in afterschool programs, such as Teen Lounges, contributes to teens' literacy development outside of school. It also aligns vigorously to the Vibrant Communities priority. It supports opportunities for children & teens to improve & enjoy life by promoting lifelong learning, literacy promotion opportunities, and providing a variety of out-of-school opportunities.

**Performance Measure - Description**

The outcome measure is new to this program offer and will show the results of training opportunities this program provides and supports. All three output measures illustrate the system-wide youth services success at connecting Multnomah County youth with the public library and providing opportunities for staff to serve youth in the best manner possible. The number of trainings was higher in 06 due to a training initiative, "Everybody Serves Teens", given for all public service staff.
