Executive Summary

This program offer represents the contract with Reynolds District to fund a School Resource Officer(SRO). Funding for this position is tied to the amount of funding provided by the School Districts. SRO's provide law enforcement protection and early intervention to schools for at-risk parents and children. Deputies provide educational programs to juveniles as a first level approach to the public safety system. The program is a conduit between schools, law enforcement and the county social service system as a whole.

Program Description

Activities include: illegal drug enforcement, prevention and education, providing resources for guiding and intervening with at risk high school students by supporting their teachers and parents, intervening in the exploitation, molestation and physical abuse of children and assisting their families. Educational programs provided stem from basic legal knowledge, traffic law, drunk driving and potential results, basic vehicle operation, drug use and the effects of person to person crimes and the effects on society. Partnerships include schools, Services to Children and Families, city, county and federal enforcement agencies.

Program Justification

SRO's support several aspects of the Safety Priority by identifying and understanding the community's priorities and responding; collaborating and sharing information with partners in the community and public safety system; and contributes to assuring safe environments. The program supports a safe school environment, including working with at risk children in the schools and through their families, plus providing classes addressing drug use. These deputies provide the first necessary step toward intervention. They are not only a stabilizing force for youth, but in many cases are role models for the students. This program introduces needed social service programs offered by the County which, under normal circumstances, would never reach those in need.
