Program Characteristics:

Executive Summary

The Property Assessment-Personal Property Program is responsible for valuing and appraising all taxable Business Personal Property accounts. Personal Property represents 5% of the value upon which taxes are levied for the benefit of all Multnomah County taxing districts.

Program Description

This program is responsible for maintaining Real Market Value and Maximum Assessed Value on all taxable Personal Property accounts. Oregon Revised Statutes require annual filings from the over 40,000 personal property taxpayers in the county, of which about 40% are equipment-leasing companies. Filings are reviewed and coded to calculate assessed values of companies' business assets. Values must be fully recalculated each year to reflect items added or disposed of by businesses and to calculate depreciation influence on remaining assets. Appraisers perform field inspections and detailed reviews to identify businesses and properties omitted from the assessment roll. Appraisals are also performed in order to defend values under appeal.

Program Justification

This program contributes to the Accountability Priority by assessing Business Personal Property accurately and fairly as required by Oregon Revised Statutes (ORS). Maintaining accurate Real Market Values on all property directly affects the maximum bonding capacity and general obligation bond tax rates for all applicable taxing districts in the County. This program also contributes to all other County priorities by ensuring that all personal property is valued in accordance with the law, which maximizes property tax revenues to fund programs. Property taxes account for approximately 65% of the County's General Fund revenues. Under the Measure 50 tax limitation measure, there is no assumption of a 3% increase in personal property taxable value; instead, each business reports existing taxable property anew each year. Failure to monitor this process will result in loss of taxable assessed value and tax revenue. Focus is on discovery of new taxable property and resolving value appeals to minimize cost to taxpayers, and various computer and online tools are used to maximize appraisal efforts. Accurate values maximize the level of tax assessment allowed under Measure 5 and Measure 50 tax limitation measures.

Performance Measures

Measure Type	Primary Measure	Previous Year Actual (FY05-06)	Current Year Purchased (FY06-07)	Current Year Estimate (FY06-07)	Next Year Offer (FY07-08)
Output	Number of Non-Leased Accounts Processed, Coded and Valued	23,020	23,000	23,000	23,000
Outcome	Real Market Value in Millions of Personal Property Value Placed on the Tax Roll	2,340	2,450	2,450	2,450
Output	% of Accounts Reviewed by an Appraiser in the Last Three Years	9.5%	15.0%	15.0%	15.0%
Output	% of Accounts Filing Electronically	0.4%	0.4%	0.4%	1.0%

Performance Measure - Description

 **Measure Changed**

ORS requires property appraisals to be at 100% of Market Value as of January 1st of each year and that all returns are processed and values placed on the roll by the third week of September. The Department of Revenue (DOR) annually reviews compliance through the Assessors Appraisal Plan. The DOR's most recent review in 2006 determined that we are in compliance with standards. Failure to meet these standards can result in loss of County Assessment Function Funding Account (CAFFA) grant revenue and program control. The goal to review the top 15% of accounts over 3 years (25% over 5 years) has been achieved and now is monitored for continued compliance. The largest 25% of accounts represent nearly all of the assessable value, and 5 years is the maximum look-back period allowed by law.

Legal/Contractual Obligation

ORS Chapters 92,205,294,305,306,307,308,308A,309,310 and 321 and related Oregon Administrative Rules regulate virtually all aspects of the assessment and property tax calculation process. ORS 306.115 assigns statewide general supervision of the property tax system to the Oregon Dept. of Revenue (DOR). Through the "County Assessment Function Funding Account" (CAFFA Grant) process described in ORS 294.175 the DOR determines the acceptable level of assessment and taxation staffing. The DOR has determined that A&T is already at the minimally acceptable staffing level to perform their function. Any reduction to this program may jeopardize this grant revenue.

Revenue/Expense Detail

	Proposed General Fund	Proposed Other Funds	Proposed General Fund	Proposed Other Funds
	2007	2007	2008	2008
Program Expenses				
Personnel	\$623,475	\$0	\$708,038	\$0
Contracts	\$20,000	\$0	\$20,000	\$0
Materials & Supplies	\$15,536	\$0	\$10,681	\$0
Internal Services	\$154,250	\$0	\$166,188	\$0
Subtotal: Direct Exps:	\$813,261	\$0	\$904,907	\$0
Administration	\$58,543	\$556	\$62,457	\$207
Program Support	\$230,740	\$0	\$234,322	\$0
Subtotal: Other Exps:	\$289,283	\$556	\$296,779	\$207
Total GF/non-GF:	\$1,102,544	\$556	\$1,201,686	\$207
Program Total:	\$1,103,100		\$1,201,893	
Program FTE	8.00	0.00	9.00	0.00

Total Revenue:	\$357,174	\$0	\$359,541	\$0

Explanation of Revenues

Through participation in the State funded CAFFA Grant approximately 35% of actual expenditures are reimbursed with remaining support coming from General Fund revenues.

Significant Program Changes

Last year this program was: #72028, A&T-Property Assessment - Business Personal Property

Performance Measure "Real Market Value in Millions..." was mistated last year as \$2,273,900 instead of \$2,273. Performance Measure "% of Accounts Reviewed and Audited..." renamed to "% of Accounts Reviewed..." to better describe the level of appraisal work. Performance Measure "% Accounts Filing Electronically" was misstated last year as 4% instead of 0.4%. FY08 is the third year of a five-year plan to change the way in which the personal property section processes accounts. Many program goals were echoed in the August 2005 audit performed by the Multnomah County Auditor. FY06 was the first year that electronic filing was offered to select businesses with the highest personal property values, with a 10% response rate. The opportunity will be offered to the same group of filers in FY07 with more intensive marketing. Short-term goals include offering electronic filing to many more taxpayers. This project targets the small percentage of taxpayers who pay 90% of the taxes; converting 5% of accounts to electronic filing would be a significant achievement. One Appraiser 1 position was reassigned to Commercial Appraisal as part of the plan to convert commercial property to automated value recalculation methods. Two A&T Technician positions (Tech 1 and Tech 2) were reassigned from Clerical Support to Personal Property Appraisal to better align their functions with the program they support.
