Executive Summary

Aging and Disability Services (ADS) is responsible for assuring that over 146,000 seniors and persons with disabilities have access to a comprehensive and coordinated service delivery system so that they remain independent and out of institutions. This program provides leadership, assures that results are achieved, ensures regulatory compliance, supports collaborative, innovative service delivery efforts and promotes the efficient and effective use of resources.

Program Description

ADS Administration provides leadership at the state and federal policy levels influencing rules, priorities and funding formulas to promote effective services for Multnomah County seniors and people with disabilities. It is responsible for policy direction, planning, advocacy, and staff development for ADS which serves approximately 45,000 people and employs 276 staff. ADS Administration provides fiscal oversight for the Division budget and is responsible for managing a complex budget with multiple funding sources and requirements. ADS Administration maximizes resources by matching federal Medicaid funds and leveraging additional resources from the community through its partnerships. Satisfaction surveys and customer input drive efforts to continually improve ADS services. Advisory Councils direct ADS in a variety of areas and are important advocates for local services. ADS Administration employs innovative, evidence-based approaches to service delivery, and uses data, best practice reviews, staff experience, support from partners and other resources to continue to serve clients in the best way possible within available resources.

Program Justification

ADS Administration is closely aligned with the county's accountability strategies. ADS Administration is responsible for educating and informing the public about ADS services and performance results, and involving advisors in program planning and decision making. ADS Administration is responsible for providing leadership that strengthens workforce competencies, advances continuous quality improvement and evidence-based practices, and ensures culturally responsive services. ADS Administration also manages the division budget and programs in ways that maximize revenue, hold down costs and deliver services more effectively. Coordinates within the county and with other levels of government agencies to remove barriers and assure easy access to a seamless service system.

Explanation of Revenues

Funds include federal, State, local and private sources. State DHS funds 77 percent of ADS services. Medicaid funds are restricted for direct or related services for recipients of the Medicaid program. OAA funds are provided for residents' age 60+. DHS approves and funds the annual plan for this system, which must comply with state and federal rules. Local cities, user fees, miscellaneous grants and contracts comprise a small portion of the total funds.

Governor's budget for '07-'09 biennium adds permanent funding to support Medicare Modernization Act and quality review activities and restores Oregon Project Independence to FY03 levels. It also provides equity for Area Agencies on Aging and Disability, funding local governments at 95% of state costs; it does not include funding for local cost differential requiring local match to continue current service level. Federal officials lowered the Medicaid match rate from 45/55 to 46/54 as a result of improved Oregon economy, decreasing the federal share. At this match rate, \$2,499,705 CGF match expenditure is used to generate \$5,434,141 federal Medicaid funds for Multnomah County.
