Executive Summary

The Information Technology Unit's goal is to provide the highest quality, most cost-effective IT services to MCSO users, so that they can provide exemplary service for a safe livable community.

Program Description

The MCSO IT Unit supports all aspects of IT for the Sheriff's Office, including but not limited to PCs, Servers, Printers, directory services (including email) and CJIS Applications. MCSO IT also supports external partners' access and authentication to eSWIS, and Crimes Capture (Mugshots). MCSO IT has been contracted by ROCN (Regional Organized Crime Narcotics Agency) to provide IT Support. MCSO IT was selected because the IT staff members were already employed by a law enforcement agency.

Program Justification

This program provides necessary, stable, operational and responsive information technology services to MCSO staff and to support the Sheriff's Office role in performing both mandated and non-mandated duties. IT supports the Sheriff's Office operational services that contribute to the Public Safety System.

Performance Measures

Measure Type	Primary Measure	Previous Year Actual (FY05-06)	Current Year Purchased (FY06-07)	Current Year Estimate (FY06-07)	Next Year Offer (FY07-08)
Output	Number of work orders processed	1,223	0	0	1,223
Outcome	Average process time per order	358	0	0	358
Output	Number of calls for service	1,213	0	0	1,213

Performance Measure - Description

✔ **Measure Changed**

The output measure, High priority calls for service, is no longer used.

The outcome measure, Percentage of time high priority calls for service are remedied by 4 hrs, is no longer used.

Legal/Contractual Obligation
