Executive Summary

This is a joint offer with Corrections Health. Booking is the process by which the criminal on the street becomes the inmate in custody. MCSO Booking serves all Law Enforcement agencies in the county, safely and efficiently admitting and releasing inmates, and readying inmates for transfer.

When people are arrested and brought to jail, a registered nurse from corrections health sees each person brought to jail to identify and isolate individuals who appear potentially contagious or dangerous, thus protecting the health and safety of the person, the staff, and the community.

The reception area has 18 beds that are included in the jail system bed count.

Program Description

Booking is located in the basement of MCDC, with an extension (Gresham Temporary Holding) at Gresham City Hall. Every person that is arrested in the County is processed through Booking. Highly trained staff process these people to safely admit them to the jail system. The booking process includes thorough checks of identity and for possible additional warrants.

Booking works collaboratively with Corrections Health who provide medical screening and care to those arrested. Also, as part of the booking process, the Recog Unit interviews all defendants in jail with a pending County charge.

Release, located on the second floor of MCDC, is the office through which every inmate who is released from custody must pass to return to the community.

Program Justification

The Sheriff is under statutory obligation to maintain the jail system. Booking and release are necessary to maintain in a safe and efficient manner as the "Enter" and "Exit" doors to this system. Corrections Health is the only health care available inside the jail.

Legal/Contractual Obligation

Federal law, state statute and county charter mandate the Sheriff maintain the local detention facility(s) within the Sheriff's jurisdiction. Under the same laws, local detention facility managers are mandated to operate safe and humane facilities.

The right to health care in jail is legally mandated under Federal and state law. When an individual is arrested and incarcerated, the obligation for health care falls upon the government as a matter of constitutional law, enforceable under the U.S. Constitution's 8th Amendment and the 14th Amendment's due process clause.
