Program Characteristics:

Executive Summary

The Property Assessment-Special Programs section is responsible for processing all applications for property tax exemption or special assessment and monitoring properties for continued qualification for exemption or special assessment.

Program Description

This program maintains over 5,000 property tax exemptions relating to the Disabled Veteran's and Widows Active Military exemption programs. The program is responsible for over 10,000 accounts with full or partial charitable, fraternal, religious, and other types of exemptions. The program is responsible for specially assessed properties including farm, forest, historic, and numerous other specially assessed programs mandated by law. Questionnaires are mailed and examined to verify continued qualification for reduced assessment of farmland. Ownership records are monitored to identify exempt accounts sold to non-exempt owners. This section monitors leasehold records to maintain accurate taxable values on over 400 accounts where non-exempt tenants lease from exempt government agencies. This program performs 500 to 1000 field inspections in performing its compliance activities. Program staff calculates and redistributes Maximum Assessed Values in compliance with Measure 50 tax limitation requirements for thousands of new properties created each year by subdivisions, new condominiums and consolidation of accounts. This program contributes to the process to arrive at the total taxable assessed value upon which taxes are calculated and levied for the benefit of all Multnomah County taxing districts.

Program Justification

This program contributes to the Accountability Priority by ensuring that exempt and specially assessed property is accurately and fairly assessed as required by the Oregon Revised Statutes (ORS). Maintaining accurate Real Market Values on all property relates to the bonding capacity and general obligation bond tax rates for all applicable taxing districts in the County. This program contributes to all other County priorities by ensuring that all exempt and specially assessed property is valued in accordance with the law, which maximizes property tax revenues to fund programs. Property taxes account for approximately 65% of the County's General Fund revenues. Failure to monitor this process will result in loss of taxable assessed value. Focus is on compliance monitoring of existing exemptions, careful review of new applications, and resolving appeals. Accurate values maximize the level of tax assessment allowed under Measure 5 and Measure 50 tax limitation measures.

Legal/Contractual Obligation

ORS Chapters 92,205,294,305,306,307,308,308A,309,310 and 321 and related Oregon Administrative Rules regulate virtually all aspects of the assessment and property tax calculation process. ORS 306.115 assigns statewide general supervision of the property tax system to the Oregon Dept. of Revenue (DOR). Through the "County Assessment Function Funding Account" (CAFFA Grant) process described in ORS 294.175 the DOR determines the acceptable level of assessment and taxation staffing. The DOR has determined that A&T is already at the minimally acceptable staffing level to perform their function. Any reduction to this program may jeopardize this grant revenue.
