Executive Summary

The Library Book Collection provides funds to add new materials in all formats to the library collection. It purchases new books, music CDs, DVDs, audio books, maps, sheet music, government documents, periodicals, databases, and a variety of materials in electronic and downloadable formats. This is the book budget only; personnel and related processing costs are in the linked program offer.

Program Description

Approximately 45% of the book budget is spent on new books in English for children, teens and adults. 5% is spent on materials in four target languages (Spanish, Chinese, Vietnamese and Russian). The remaining funds are spent on other formats including 23% on media (DVDs, CDs, audiobooks), 20% on online databases and other electronic resources, and 3% on periodicals. Multiple copies of each new title are purchased to ensure that people find what they want when they visit a library or access library resources online. The total collection size in June 2007 was 2,055,971 items. The Library collection gives the community access to a rich selection of current recreational and educational materials that enable personal development, enrich civic involvement, support lifelong learning, expand cultural competency, and help build community identity.

Program Justification

The Library Book Collection supports the Vibrant Communities priority by providing a variety of cultural and recreational resources, promoting lifelong learning, and creating opportunities to engage with local community life. The Collection also supports the Education priority by providing books and materials that children, families, caregivers, and schools can use as children are preparing to read, learning to read, and becoming lifelong readers.

Performance Measure - Description

Outcome: Number of new titles added to the collection increased in FY 07-08 due to new processes for adding electronic journals and downloadable audiobooks to the catalog.

Outcome: Average turnover rate is total circulation divided by number of circulating items. This measure indicates how well the collection is used. Nationally, the average for other libraries serving a similar population is 3.7; MCL's rate is the highest in the country for libraries serving 500,000 people or more.

Significant Program Changes

Last year this program was: #80012, Library Book Collection

The budget includes an increase of \$1,000,000 to purchase opening day collections for two new library branches approved by voters in November 2006. These funds were purchased with two new program offers for FY 2007-08. Since the siting process is moving forward during 2007-08, purchasing of new materials should begin in 2008-09.
