Executive Summary

Support Services supports all aspects of the juvenile division's Administration, Probation, Accountability, Treatment and Detention services. Staff maintain accurate records internally and in various statewide data systems to ensure top quality service outcome evaluations. Staff provide information and referral to the public and community partners, technical and clerical support to division personnel, coordinate payroll, property management and purchasing as well as provide reception coverage.

Program Description

Support Services includes:

The BUSINESS INTEGRATION AND SUPPORT TEAM (BIST) integrates information technology with the division's work. Responsible for the County's participation in Oregon's Juvenile Justice Information System (JJIS) it provides training and support, business needs analysis and security and compliance monitoring of JJIS policies. It takes the lead in assuring data quality. It provides reporting and consultation services critical to program evaluation of probation, accountability, treatment and detention services.

DATA SERVICES provides specialized entry and records maintenance in JJIS and the Law Enforcement Data System (LEDS). It enters warrants in LEDS and provides law enforcement with field access to juvenile Electronic Probation Records (EPR). Data Services helps the juvenile division uphold interagency agreements with the District Attorney's Office and community partners. It also assists the division to meet legal obligations regarding the supervision and extradition of out-of-state youth.

DOCUMENT AND SUPPORT SERVICES works with the District Attorney's Office, State Clerk's Office and other jurisdictions to process adoption records and expunge juvenile records that meet statutory criteria (ORS 419A.262). It maintains all closed juvenile files and processes documents and forms for the Juvenile Services Division, District Attorney, Department of Human Services and the judiciary.

The CHILD ABUSE UNIT, in conjunction with partner agencies, assists the court with new and established dependency cases.

GENERAL ADMINISTRATIVE SUPPORT duties include maintaining juvenile sex offender registration information; performing record checks; providing office support to Counseling, Treatment and Detention units; processing subpoenas; archive requests; processing payroll; data entry; purchasing; equipment maintenance and property management. Reception staff provides public information through personal and phone contacts.

Program Justification

Juvenile Services Support ensures that the Juvenile Division has the clerical and technical resources needed to meet State mandates and inter-agency agreements regarding the provision of timely and lawful services. The delivery of cost effective evidence-based services to youth, families, professionals and the community at large is integrally tied to this program.
