Program Description

This offer opens general housing dorms with 16 male beds and 62 female beds at the Detention Center.

Program Justification

The Sheriff's Office under statutory authority to maintain population levels in a population emergency, released 4520 inmates into the community in 2005. This offering, in conjunction with the MCIJ and Wapato Offerings, will eliminate these Emergency Releases. Operational budget figures are derived from staffing and essential service functions mandated in safe and humane corrections standards.

The program's mission is to ensure that inmates are not medically harmed during their jail stays, are medically and mentally stabilized, and are treated humanely. Suicide prevention is a primary goal.

Legal/Contractual Obligation

Federal law, state statute and county charter mandate the Sheriff maintain the local detention facility(s) within the Sheriff's jurisdiction. Under the same laws, local detention facility managers are mandated to operate safe and humane facilities.

The right to health care in jail is legally mandated under Federal and state law. When an individual is arrested and incarcerated, the obligation for health care falls upon the government as a matter of constitutional law, enforceable under the U.S. Constitution's 8th Amendment and the 14th Amendment's due process clause.
