Executive Summary

Purchase of this program offer B would restore the 1 FTE Enforcement Deputy that was reduced to meet the Executive Budget constraint target.

This program provides for the investigation of crimes involving the sale, distribution, and manufacturing of dangerous drugs. The Special Investigations Unit is charged with the responsibility for enforcing state narcotics laws, prostitution activities, and assisting other law enforcement units in the enforcement of general criminal law statutes. The magnitude of each of these investigative areas requires that priorities be established to determine allocation of resources. Enforcement of narcotics laws is so important that first priority within the Special Investigations Unit will be narcotics investigations. Emphasis will be placed on narcotics distributors who are suppliers to street level dealers, as well as suppliers to other distributors which are referred to as mid to upper mid level narcotics traffickers. Drug investigations will center on the drugs which are most abused in the Multnomah County.

Program Description

The purpose of the Special Investigations Unit (SIU) is to investigate illegal drug activities in the Metro area, and other criminal activity as directed by the Sheriff. The unit conducts criminal investigations regarding street level illicit drug activity, up to and including the prosecution of federal narcotics crimes. The SIU gathers evidence in both criminal and civil forfeiture cases. The SIU conducts investigations into clandestine meth labs. Their investigations take them into areas considered hazardous to health and public safety. Investigations conducted by the SIU detectives have resulted in indictments and prosecutions in numerous meth lab cases. SIU coordinates clean up of drug labs.

Program Justification

This program supports several aspects of the Safety Priority, of which the community has identified methamphetamine as a growing problem impacting the community's safety and livability. The Detective Special Investigations Unit is currently tackling this ever-growing problem and meeting this concern and the impact it has on the citizens of Multnomah County. This program functions as part of the Adult and Juvenile Public Safety System through the strategies of the Treatment Service Continuum, Juvenile Intervention, Agency Collaboration and Offender Accountability, and enhances Communities through Violence and Drug Free Schools.
