Executive Summary

The Facility Security Unit is the frontline public safety and emergency preparedness system for the county court system. FSO's act as a public safety deterrent by stopping the introduction of weapons into the courts & by preventing disruptions to the operations of the court system.

Program Description

The FSU provides external and internal security to three courthouses; the Central courthouse, Justice Center, and Gresham Court. This is done by both electronic screening, uniformed presence, and patrols. The FSU creates a safe environment for citizens and staff through assessment and screening of persons entering the facility. The FSO's work collaboratively with other agencies and the state courts to facilitate the business of the courts and public. Citizens entering these facilities may be emotionally distraught, under the influence of drugs or alcohol, or involved in domestic abuse situations. The FSU is the contact point for all of these persons seeking information and referral through the maze of the criminal justice system.

Program Justification

The FSU are first responders to disturbances and emergencies within the court faculties. The core function of the FSU is to insure a safe environment for the public and staff by deterring the introduction of weapons in to the court facilities. The FSO's, as a uniformed presence, also acts as a deterrent to disruptions and criminal activity in the courts. The effectiveness of our work is seen in the low ratio of exclusions to the number of persons screened. Disruptions and criminal activity can delay court operations which in turn costs time and money for the taxpayers and the courts.
