**Executive Summary**

The Facility Security Unit (FSU) is the first, visible resource for public and professional assistance for persons entering the Juvenile Justice Center (JJC). The core functions of the FSU are public assistance, security, and entry screening. The presence of uniformed MCSO employees acts as a deterrent to disruptions and criminal acts within the JJC facility.

**Program Description**

The FSU provides entry screening, court security, and public information for both the public and professionals transacting business at the JJC. This is done by electronic screening, uniformed presence, and facility patrols. The FSU works closely with all of the various partners at the JJC to facilitate the needs of the citizens and staff entering the facility. Persons entering the JJC may be under the influence of drugs or alcohol, be facing the loss of their children, or other life altering situations; such as time in jail.

**Program Justification**

The FSU is the first contact for citizens and professionals accessing the JJC. The FSU provides security within the JJC facility so that people can safely transact their business. The FSU, as a MCSO uniformed presence, are a deterrent to disruptions and criminal activities. The effectiveness of our work is seen in the low ratio of exclusions to the number of person screened. Disruptions and criminal activity interfere with the facility and court operations and create difficulties for professionals and families who need to conduct court transactions.
