### Executive Summary

This program offer adds a Deputy DA 3 the MDT Child Abuse Team. The Child Abuse Team reviews and processes cases and reports involving child abuse in a domestic setting or by child care providers. Using an integrated team of prosecutors, child specialists, and police investigators, the team reviews, coordinates and investigates cases, then decides how to proceed.

### Program Description

Also known as the Multidisciplinary Child Abuse Team (MDT) this group of Deputy District Attorneys and staff are part of a larger group of dedicated child and health care professionals, law enforcement officers and prosecutors. They review and investigate all reported cases of child abuse or child mistreatment in the county and all fatalities which involve a child under the age of 18 years and where abuse is suspected.

Located at the Gateway Children's Center campus, this program prosecutes some of the most troubling and serious crimes every year and handles the corresponding child abuse and neglect proceeding in Juvenile Court. Each team member and those conducting child abuse investigations and interviews of child abuse victims are trained in risk assessment, dynamics of child abuse, child sexual abuse and rape of children and legally sound and age appropriate interview and investigatory techniques.

This program also coordinates the distribution Child Abuse Multidisciplinary Intervention (C.A.M.I) funds which are generated from unitary assessment funds from the state, to a variety of local partners on an annual basis for projects associated with child abuse intervention.

The program keeps children safe by removing them from dangerous and abusive home or day care situations when necessary and working with families to address the issues which brought the child to the attention of authorities in the first place.
