Executive Summary

Emergency Medical Services (EMS) plans, regulates, coordinates, and provides medical supervision and quality assurance for all pre-hospital emergency care provided by an exclusive ambulance contractor and the fire departments in the County.

Program Description

The EMS program has five major functions: 1) The emergency ambulance contract: Emergency ambulance service is provided through an exclusive franchise agreement with a single ambulance company. This is a performance contract; the EMS program administers the contract and assures that performance criteria are met. 2) Medical supervision: The EMS Medical Director supervises all pre-hospital medical care provided by paramedics, basic EMTs and first responders. Immediate medical advice for responders is provided via radio by OHSU under supervision of the EMS Medical Director. 3) Continuous Quality Improvement (CQI): The EMS Program coordinates a system-wide data-driven approach to improving the quality of service provided by the EMS system. The program gathers, maintains, and analyzes data on patient care and outcomes necessary for the CQI process. Results are used for planning, and for improving EMS operations and the quality of pre-hospital patient care. 4) The EMS program regulates all emergency and non-emergency ambulance business in the county in accordance with the ambulance ordinance, MCC 21.400. This includes licensing, inspections, review of operations, and supervision of medical care. 5) Coordination of medical dispatch and medical first response: Dispatch is provided by the City of Portland. The fire departments of Portland and Gresham and districts throughout the County provide first response. EMS coordinates medical supervision, operating protocols, communications, major event planning, and equipment specifications. The EMS Program is a visible part of the public safety system and contributes to citizens feeling safe. The EMS Program ensures that an immediate medical response is available to all County residents and visitors experiencing a medical emergency. The program emphasizes coordination of services provided by multiple public and private agencies, and takes collaborative approaches to prepare for individual and community emergencies.

Performance Measures

Measure Type	Primary Measure	Previous Year Actual (FY08-09)	Current Year Purchased (FY09-10)	Current Year Estimate (FY09-10)	Next Year Offer (FY10-11)
Output	Ambulance response times - 8 min. 90% of calls	90.9%	90.0%	90.0%	90.0%
Outcome	Cardiac arrest survival to hospital	30.0%	30.0%	30.0%	30.0%
Quality	Cardiac arrest survival to hospital discharge	12.0%	12.0%	12.0%	12.0%

Performance Measure - Description

The major contract performance measure is the percentage of urban emergency calls in which the ambulance arrives on scene in 8:00 minutes or less. System quality measures include medical care outcomes such as survival from cardiac arrest. Cardiac arrest is an often-fatal cessation of the heartbeat that requires immediate medical intervention. Cardiac arrest survival until arrival at the hospital demonstrates how quickly and effectively EMS responds and stabilizes patients in the field. Cardiac arrest survival at hospital discharge shows how EMS contributes to cardiac arrest survival in the larger health care system. Medical outcomes are benchmarked against other communities with an eye towards improving on results over time.

Legal/Contractual Obligation

The County is responsible under ORS 682 to have an Ambulance Service Area Plan. It is the County's choice as to how much to invest to achieve this mandate.

Revenue/Expense Detail

	Proposed General Fund	Proposed Other Funds	Proposed General Fund	Proposed Other Funds
Program Expenses	2010	2010	2011	2011
Personnel	\$0	\$680,142	\$0	\$655,212
Contracts	\$0	\$665,481	\$0	\$693,000
Materials & Supplies	\$0	\$275,330	\$0	\$341,926
Internal Services	\$0	\$212,265	\$0	\$202,407
