Executive Summary

Vital Records is a legislatively mandated, fee supported program that produces birth and death certificates in accordance with federal and state statutes to maintain the integrity and accuracy of birth and death information. The information is analyzed to provide essential public health information that is used to plan prevention and intervention activities for positive health outcomes. An example of an analytical function of vital records is the ability to identify high risk groups for influenza and pneumonia deaths so that scarce resources (influenza vaccine) can be provided to the people at greatest risk of death resulting in fewer deaths. The program received high marks on a state triennial evaluation which assesses the quality and accountability of the program.

Program Description

Birth and Death Certification: Multnomah County is responsible for issuing birth and death certificates within the first six months after the birth or death, and within 24-hours of receipt of a request for certificate. Death certificates can be issued to family members, legal representatives, governmental agencies, or to the person or agency with personal or property rights. Birth records can be released to immediate family including grandparents, parents, brothers/sisters, legal representatives or governmental agencies. Employees working in this program must be registered with the state to assure competency. An electronic birth and death data certification model was implemented requiring a significant increase in individual education with community partners. The Vital Records Program addresses the Accountability strategy of providing reliable information for decision-making in public health. Populations at risk for poor health outcomes are identified for the provision of proactive interventions. For example: Pregnant women were identified as being at great risk for death from H1N1 influenza by reviewing hospitalization data and death certificates. As a result physicians and clinical services providing care to pregnant women were prioritized for receipt of vaccine averting deaths in this high risk population. Vital Records assures accurate, timely and confidential registration of birth and death events minimizing the opportunity for identity theft and assuring accurate record of cause of death and the identification of parents of the born child.

Performance Measures

Measure Type	Primary Measure	Previous Year Actual (FY08-09)	Current Year Purchased (FY09-10)	Current Year Estimate (FY09-10)	Next Year Offer (FY10-11)
Output	Number of birth and death certificates issued	39,427	41,562	39,456	38,949
Outcome		0	0	0	0
Efficiency	Average number of days to issue error free certificate	1	1	1	1

Performance Measure - Description

- 1) Certificates issued: Measures program volume.
- 2) Days to issue: Measures rapidity of issuance process. The 24-hour timeframe from receipt to issuance is mandatory.

Legal/Contractual Obligation

Legal mandates are ORS 97, 146, 432; OAR 830 and 333.

Revenue/Expense Detail

	Proposed General Fund	Proposed Other Funds	Proposed General Fund	Proposed Other Funds
Program Expenses	2010	2010	2011	2011
Personnel	\$0	\$522,755	\$0	\$509,025
Contracts	\$0	\$1,190	\$0	\$9,890
Materials & Supplies	\$2,654	\$22,027	\$65	\$16,304
Internal Services	\$0	\$93,129	\$0	\$109,532
Total GF/non-GF:	\$2,654	\$639,101	\$65	\$644,751
Program Total:	\$641,755		\$644,816	
Program FTE	0.00	6.35	0.00	6.10
Program Revenues				
Indirect for dep't Admin	\$39,087	\$0	\$38,340	\$0
Fees, Permits & Charges	\$0	\$644,751	\$0	\$644,751
Total Revenue:	\$39,087	\$644,751	\$38,340	\$644,751

Explanation of Revenues

This is a fee driven, self-sustaining program. Despite the weakened economy, revenue appears to be stable.
