Executive Summary

The Workers' Compensation Section manages the work-related employee injury and illness aftercare process and assists employees in returning to their jobs after an injury or illness occurs.

Program Description

Provide workers' compensation benefits in accordance with state law. Multnomah County has been self-insured for this benefit since 1978. Claims are administered through a contract with a third-party claims administrator. Staff work with employees, supervisors, physicians, and managed care organizations to accurately and timely process claim benefits for the injured employee. Internal workers' compensation specialists focus on service, cost containment, and compliance efficiency. This section is responsible for the County return-to-work program and follows state requirements necessary to benefit from the Workers' Compensation Division's Employer-At-Injury reimbursement program.

Performance Measures

Measure Type	Primary Measure	Previous Year Actual (FY08-09)	Current Year Purchased (FY09-10)	Current Year Estimate (FY09-10)	Next Year Offer (FY10-11)
Output	Processing required notices and payments timely as measured by OR-WCD	91.0%			,
Outcome	County Experience Modifier less than industry average	30.0%	30.0%	30.0%	30.0%

Performance Measure - Description

- 1)Quarterly claims processing performance as reported by the State Workers' Compensation Division. Self-insured employers must be above 90% for timely claim filing, timely first payment of time loss compensation, and compensability determinations. Staying above this level shows high quality of service.
- 2) A workers' compensation experience modifier below industry average demonstrates the County's ability to manage claims better than the insurance industry average, thus paying less in total premiums. Multnomah County pays 30% less in premiums than the industry average.

Legal/Contractual Obligation

Oregon Revised Statutes Section 656, Oregon Administrative Rules 436, requires workers' compensation coverage be in force for employees. Oregon Administrative Rules 437 outlines Occupational Safety and Health requirements and Multnomah County Code 7.101(5)also defines the functions and uses of the Risk Management Fund. Self-insured employers certify under ORS 656.430 and must meet the qualification described in ORS 656.407.

Explanation of Revenues

The Workers' Compensation section receives its revenues through internal service reimbursements assessed using historical data. All liabilities associated with workers' compensation claims are fully funded in a reserve account. External revenue is received from the Workers' Compensation Division Employer-At-Injury Program and from recoveries from third parties.
