Executive Summary

Eligibility is the entryway to developmental disabilities services and introduces potential clients to county services. Intakes average 62 per month with a total of approximately 752 per year. In addition, this team re-evaluates approximately 264 clients per year to determine continuing eligibility for developmental disabilities services.

Program Description

Eligibility/Intake is the single point of access to services for persons with developmental disabilities. The Eligibility and Intake unit ensures that eligible clients gain access to services and redetermines eligibility of existing clients to ensure their continued appropriateness for ongoing services. Once eligible, Intake transfers the client into the appropriate Developmental Disabilities case management unit for immediate access to program services. Per State rule, eligibility must be re-determined for children at ages 7, 18 and for clients who have developmental disabilities other than mental retardation by age 22.
