Executive Summary

Multnomah Project Independence (MPI) provides services to people with disabilities between the ages of 19 and 59 who require in-home and other support services to remain independent in their homes but who are not eligible for other public supports such as Medicaid or Oregon Project Independence. MPI served 115 people in FY10. This restructured offer would serve approximately 165 people. Case management services will be refocused towards triage assessment and short-term intensive supports with the goal of supporting clients' self direction and self management.

Program Description

Through the Multnomah Project Independence program, Aging and Disability Services Division (ADS) provides in-home services and supports for low income younger disabled adults who are at risk for nursing facility placement, homelessness, or abuse and who do not qualify for other public services. The program includes case management and supports for both short term and ongoing interventions to access resources and stabilize individuals. Other funded services include: in-home services, home delivered meals and transportation. This program offer to restructure would reduce funding to the program by \$167,607 to meet the County constraint budget. The program would be restructured to consolidate case management within the Division and integrate it more closely with ADS Adult Protective Services, Emergency Services and Long Term Care Service Intake. The program will be re-focused on short-term intensive case management to support stabilization and self-management by clients. Services will be prioritized to individuals who are not eligible for other publicly funded case management support and meet the risk criteria listed above.
