Executive Summary

Quality Management works to assure quality of contracted providers through mental health agency audits and monitoring mental health contract performance. The program serves approximately 100,000 Verity Oregon Health Plan (OHP) members, 52 mental health agencies and 61 residential/foster facilities. Quality Management educates OHP members about available mental health services and ensures effectiveness of services by measuring treatment outcomes, client satisfaction and hospital use.

Program Description

Quality Management protects and supports mentally ill adults and children in Multnomah County by providing specific services including: coordinating compliance with Health Insurance Portability and Accountability Act (HIPAA) rules and Verity contracts, building client outcome measurements, supervising certification process for community mental health agencies, auditing and providing technical support to 52 mental health agencies, coordinating residential quality and tracking approximately 5,000 reportable residential adverse events annually, assisting with licensing visits and Oregon Administrative Rules (OARs) compliance for 56 state-funded residential treatment homes and facilities, investigating complaints about residential care, monitoring progress of providers found out of compliance with OARs, and investigating abuse allegations and providing protective services to approximately 200 adult mental health clients annually. These investigations serve to protect some of the most vulnerable individuals in our mental health system.
