Executive Summary

Business and Finance manages revenue and expenses for the Mental Health and Addiction Service Division's (MHASD) \$95 million budget. It controls the county's financial risk for over \$40 million in Medicaid funds through rate setting, claims adjudication and supervision of a third party administrator (TPA). Business and Finance supports MHASD in serving approximately 29,000 unduplicated individuals annually. It analyzes claim, authorization and enrollment data to forecast future claims expenses.

Program Description

MHASD's Business and Finance supports the systems of care for some of Multnomah County's most vulnerable populations, including those who are indigent and in need of mental health and addiction treatment. Staff support both the child and adult systems of care. Business and Finance manages the complex financial transactions required to deliver services in the county's Mental Health Organization (MHO), Verity. Verity is a federal insurance program funded by Medicaid and is a risk bearing entity. If expenditures exceed revenue, the county must make up the difference if services are to continue at the same level. It is the job of Business and Finance to ensure this does not happen.

Business and Finance produces financial and service utilization reports, interfaces with a third party administrator (TPA) to process Medicaid claims, and tracks funding from the state. It develops new procedures to respond to changes in federal and state funding. Business and Finance staff respond to financial inquiries from agencies, hospitals, elected officials, and the public. Business and Finance provides decision support and day to day information to the MHASD director and management team through timely financial projections to accompany pending business and fiscal decisions. MHASD Business and Finance staff work closely with DCHS Business Services and Central County Finance in all aspects of budget and finance.
