Executive Summary

Coordinated diversion includes three jail and/or hospital diversion programs for consumers with a serious mental illness. Three teams of mental health professionals work with the Community Court, Mental Health Court and Aid and Assist/Treat Until Fit programs. All three programs provide assertive, short term support for persons with serious mental illness, with the goal of connecting them with appropriate ongoing community treatment options. Staff working with the Community Court and Mental Health Court focus on jail diversion. Staff with the Aid and Assist/Treat Until Fit Program focus on avoiding or decreasing days of unnecessary psychiatric hospitalizations. In FY10 Community Court served 923 clients, Aid and Assist/Treat Until Fit served 251 clients, Mental Health Court opened 32 cases and served 52.

Program Description

The three coordinated diversion programs target persons with serious mental illness who are at risk of either entering or having lengthy stays in jail or hospitals unless provided additional treatment, support, and resources. The Community Court Program addresses quality of life crimes with a focus on restorative justice. Clients are able to participate in a variety of social services as an alternative to jail or community service.

Mental Health Court provides time-limited intensive case management services to persons involved in the criminal justice system while connecting them to community treatment, housing, and financial and medical entitlements. Staff provide ongoing monitoring and support for persons enrolled in Mental Health Court. Staff initiated services to 52 in FY10.

The Aid and Assist/Treat Until Fit Program is a pilot project with Marion and Lane Counties to increase diversion from the criminal justice system for persons charged with misdemeanors and ordered to undergo evaluation/restoration at the State Hospital. Staff provide evaluation of mental status and basic needs, time-limited case management and coordination of treatment services, housing, financial and medical entitlements, and social services.

The three diversion programs address the needs of residents with a mental illness who can be diverted from jail and/or the State Hospital and into community services. Initial case management and coordination protects the legal and civil rights of these individuals, ensures appropriateness of resources and decreases the unnecessary expense of time in jail or the State Hospital.

Significant Program Changes

Last year this program was:

Last year this program was #25088

Measure #1 for # of Community Court participants has decreased due to budget cuts in the District Attorney's office and a change in the number and type of crimes that are processed. This change decreases the # of participants available to be referred to Community Court.
