Executive Summary

The Office of the Tri-County Health Officer provides public health physician consultation, technical direction, and leadership to health department administrators, program staff and community partners. This cooperative effort of the metro-county health departments is intended to improve the consistency and quality of public health services in the three counties, increase learning and collaboration across the counties, and improve the quality, efficiency and effectiveness of health officer services.

Program Description

The Tri-County Health Officer Program (TCHO) provides medical consultation, technical counsel, and leadership by three public health physicians to Multnomah, Clackamas and Washington County Health Departments and their respective community partners. Historically, each of the three counties employed or contracted with an individual to serve as County Health Officer. Through IGA's with Clackamas and Washington county health departments, the TCHO is better able to provide high quality health officer services, and to utilize the departments' relatively small amount of public health physician resources effectively and efficiently. In Multnomah County for example, the TCHO: (1) participates in enforcement of public health laws; (2) supervises select public health programs; (3) works with department staff, other county agencies, and community groups to manage critical public health problems; and, (4) participates in department administration. The program supports Multnomah County Health Department's goals (i.e. goal #3) by providing effective and accountable local public health practice leadership and medical direction that result in quality clinical and health promotion programs. In the current fiscal year, through the joint efforts of the TCHO, health officer program staff were able to provide leadership on chronic disease prevention programs, address issues of communicable disease control, and advise county and department staff on individual case management for communicable diseases.

Performance Measures

Measure Type	Primary Measure	Previous Year Actual (FY09-10)	Current Year Purchased (FY10-11)	Current Year Estimate (FY10-11)	Next Year Offer (FY11-12)
Output	Contract deliverables are met by the end of fiscal year.	0.0%	85.0%	85.0%	85.0%
Outcome	County stakeholders express satisfaction in program delivery and results.	90.0%	90.0%	90.0%	90.0%

Performance Measure - Description

The TCHO program assures completion of agreed-upon deliverables. Contract deliverables for FY12 will be negotiated and finalized by July 1, 2011. These will provide guidance for work priorities and program activities.

Satisfaction of key customers with Health Officer services is a critical measure of program success. Survey of key stakeholders in Multnomah, Clackamas, and Washington Counties will be conducted in April 2011. Success will be judged by the percentage of survey scores that meet or exceed four (on a scale of 1-5).

Legal/Contractual Obligation

ORS 431.418 requires counties to employ or contract with a physician to serve as County Health Officer. IGA's with Clackamas and Washington counties specify Health Officer services that Multnomah County is required to provide, as well as expected outcomes and evaluation measures.

Explanation of Revenues

Clackamas and Washington counties meet their ORS 431.418 requirements for health officer services through IGA's with Multnomah County. These IGA's are revenue agreements. Contractual revenues of \$347,518 cover the full cost to provide services to Clackamas and Washington counties. Multnomah County General Funds of \$294,409 cover the cost to provide services in Multnomah County.
