Executive Summary

The Employee, Community and Clinical Services (ECCS) unit oversees implementation of new community and clinical treatment options, updates department-wide policies, conducts internal investigations, coordinates department-wide safety plans and manages volunteers. This unit often works closely with non-profit providers and community members to collaboratively problem solve service-related issues.

Program Description

The ECCS unit responsibilities to the Juvenile and/or Adult Services Divisions consist of:

- 1) Administration and operational support for alcohol, drug and mental health services for adult offenders;
- 2) Coordination of programs for contracted services;
- 3) Supervision and support of DCJ programs/units - Quality Systems and Evaluation Services, Contract Monitoring and Compliance, Human Resources, Trainings, Prevention of Childhood Sexual Exploitation of Children, and Volunteer functions of DCJ; and
- 4) Management of policies and procedures, internal investigations and Prison Rape Elimination Act (PREA) reports.

Public safety is achieved by investing in both our community and our employees. Careful background investigations ensure that we hire qualified, ethical people. Training programs enhance skills specific to working with a diverse offender population. Competent contracting services strengthen our effectiveness in providing meaningful treatment services. Volunteer engagement fosters connectivity between the Department and the community. By hiring the right people, giving them the tools they need to do their job and partnering with community members, we can best meet DCJ's mission of holding offenders accountable while changing their behavior and keeping the community safe.
