Executive Summary

The Enhanced Bench Probation Program (EB) promotes public safety by monitoring over 3,200 adult offenders on bench probation who have 1 or more convictions for Driving Under the Influence of Intoxicants (DUII). EB staff monitor these cases by tracking each case for police contacts and reporting these contacts to the judge supervising the case.

Program Description

EB currently monitors 3,200 offenders who have failed to successfully complete the DUII Diversion program or are ineligible for diversion. Fifteen percent of these offenders are high risk multiple DUII offenders participating in the DUII Intensive Supervision Program. Defendants monitored by EB are entered into the statewide computer system known as the Law Enforcement Data System (LEDS) following their conviction. If the EB offender has any type of police contact, an electronic notification is sent to EB staff directly from the street officer. An EB staff member researches the nature of the contact and sends a report to the supervising judge.

During FY 2010, this unit generated over 950 reports and collected \$270,280 in monthly monitoring fees. The ability of the EB unit to monitor the activities of offenders allows the courts to effectively supervise these cases and address violations in a timely manner. EB is instrumental in holding bench probation clients accountable by serving as a beneficial connection between law enforcement and the courts.
