Program Description

Professional Standards ensures accountability through continual inspections and investigations of MCSO operations and personnel. The Inspections Unit develops policies and procedures based on public safety industry best practices. The unit inspects and audits MCSO operations and correctional facilities, facilitates and monitors safety committees, conducts accident reviews, and provides Life Safety education and training. Inspections Unit conducts performance audits of specific operations to discover and correct policy deficiencies. The Internal Affairs Unit conducts independent investigations of allegations of employee misconduct to ensure the integrity of and confidence in MCSO employees. Each complaint is initially evaluated by a Pre-Investigative Assessment (described below). IAU investigations are conducted in accordance with established due process requirements to ensure accountability of not only employees but the IAU process itself.

MCSO is an agency whose sworn members are authorized by law to arrest and confine citizens against their will. Its sworn members are authorized under justifiable circumstances to take human life. With that enormous responsibility and potential liability, the public deserves assurance that the agency is conducting its mandated duties lawfully, efficiently and in the most cost-effective manner possible. Professional Standards, operating independent of the chain-of-command and reporting directly to the elected official in charge of the agency, ensures that accountability.
