Executive Summary

Multnomah County staff and business partners utilize over 4,500 computers and 700 printers and other output devices to run internal operations and provide service to the public. Personal Computers (PCs) are also provided for citizens use at public access points located at libraries, DART and Land Use Planning. This program provides PC hardware and software procurement, installation, maintenance, software license tracking, proper disposal and support while balancing customer satisfaction with service quality and price.

Program Description

Desktop asset replacement provides desktop and laptop computers and software to over 4,500 employees and business partners. They will be replacing ~950 PCs/Laptops, 50 network printers. PCs are also provided for public use in the libraries, Assessment and Taxation, and Land Use Planning, to provide citizens with access to information and the ability to view public records online. IT Desktop Services maintains desktop assets which includes life-cycle management from procurement through disposal of County standard desktop computer hardware, software and other peripherals and associated software licenses. This program supports the disposition of decommissioned hardware and recycling of unusable devices.
