### Executive Summary

The Family Economic Security Project helps working families claim the Earned Income Tax Credit (EITC) and other available state/federal tax credits. We also work with employers to provide free tax preparation assistance and financial literacy at the workplace. This project will involve 50 local employers, provide direct tax preparation assistance to 1000 employees and secure \$1.26 million in federal and state tax benefits for low- and moderate-income families.

### Program Description

The EITC provides tax benefits to low- and moderate-income workers with children and has been called the nation's largest anti-poverty program. This proposal gives direct assistance to employers to set up workplace EITC campaigns, which includes free tax assistance for employees, tax credit information, and financial education resources. Specific activities under this proposal include:

- (a) County staff and a contracted provider working with local employers to provide information and support for company sponsored EITC campaigns, informing their employees about the program and helping with enrollment.
- (b) Employees access free tax preparation services, thus avoiding costly fees for tax preparation and predatory "refund anticipation loans."
- (c) Employees receive financial education through materials and workplace education sessions.

### Explanation of Revenues

The program offer is funded through County General Fund and leverages federal and state revenue through the increases in tax returns received by low and moderate income Multnomah County residents. Research shows that low and moderate income families and individuals are more likely to spend their tax refunds so this offer represents a significant investment in economic development.
