**Program Characteristics:** In Target

**Executive Summary**

The Sobering program provides a safe, secure holding environment for persons publicly intoxicated due to alcohol or drug abuse. As these individuals regain their functionality, staff encourages them to seek further care. The Sobering program has more than 10,500 annual admissions.

**Program Description**

The Sobering program is a multi-jurisdictionally funded community resource that operates 24 hours per day, 7 days per week. The program provides special emphasis on ethnic minorities, homeless people, and women. Staff persons are appropriately licensed and credentialed (such as Emergency Medical Technicians) and are knowledgeable about acute alcohol/drug intoxication and emergency first aid techniques. The Sobering program serves more than 10,500 clients annually. The average length of stay is 5.5 hours.

The Sobering program serves a public safety function by providing a medically monitored environment in which these individuals become responsive to their surroundings while they are protected from abuse and neglect. This program reduces the use of critical and finite police, fire and emergency services. It saves the City police approximately 900 bookings (and associated costs) per month. The Sobering program includes the CHIERS (Central City Concern Hooper Inebriate Emergency Response Service) mobile outreach van, funded by the City of Portland, to transport intoxicated persons to the program.

The Sobering program also provides a behavioral health function by providing a point of intervention for these publicly intoxicated persons. Before the individual is released, staff gives them information about chemical dependency, alcohol and drug treatment options, and access to additional health care.

**Performance Measures**

Measure Type	Primary Measure	Previous Year Actual (FY09-10)	Current Year Purchased (FY10-11)	Current Year Estimate (FY10-11)	Next Year Offer (FY11-12)
Output	Total Admissions	9,564	11,000	9,000	9,000
Outcome	Percentage of clients that successfully discharge <sup>1</sup>	100.0%	100.0%	100.0%	100.0%

**Performance Measure - Description**

<sup>1</sup> A successful discharge includes: a) no deaths in sobering (the program had one death four years ago); and b) clients are cognizant of surroundings and no longer in immediate danger of harm to self or others.
