Program Description

The Countywide Investigation program funds the Sheriff's Office participation in several inter-agency teams. These teams are able to pool resources and leverage personnel for more effective results. The Child Abuse Team (CAT) detective is part of a multidisciplinary approach to supporting the safety of children in our community. This detective position was previously funded by a two year grant which expires at the end of the current fiscal year (June of 2011).

The Multnomah County Sheriff's Office detective works as part of a team, investigating child abuse allegation cases. Cases investigated can be of physical abuse, neglect, mental abuse, child abandonment, threat of harm, sexual abuse and child fatalities.

The primary purpose of the Multnomah County Child Abuse Team is to provide for the protection of the children of Multnomah County, by enhancing comprehensive services to the victims of child abuse. This is accomplished by establishing and maintaining a participation in a county multidisciplinary team (MDTs). The Multnomah County Child Abuse Team provides a coordinated community-wide response to child abuse and neglect. It is the intention of the Child Abuse Team to maintain community partnerships with community programs that provide a child friendly environment by professionals who are well trained in risk assessments, the dynamics of child physical and sexual abuse, neglect, legally sound and age appropriate interviewing and age appropriate investigatory techniques. Services include assessment, advocacy and treatment to children who are victims or alleged victims of child abuse in Multnomah County.
