Executive Summary

The Library Book Budget provides funds to add new materials in all formats to the library collection. It purchases new books, music CDs, DVDs, audiobooks, maps, sheet music, periodicals, databases and a variety of materials in electronic and downloadable formats. This is the book budget only; personnel and related processing costs are in the linked program offer.

Program Description

Approximately 45% of the book budget is spent on new books in English for children, teens and adults. Five percent is spent on materials in four target languages (Spanish, Chinese, Vietnamese and Russian). Remaining funds are spent on other formats, including 20% on media (DVDs, CDs and audiobooks), 15% on electronic resources (electronic books, electronic journals and databases), and 2% on print periodicals. Multiple copies of each new title are purchased to ensure that people find what they want when they visit a library or access library resources online. The total collection size in June 2010 was 1.97 million items. The library collection gives the community access to a rich selection of current recreational and educational materials that support personal development, enrich civic engagement, support lifelong learning and literacy, expand cultural competency, and help build community identity for adults. The collection also provides materials for preparing to read and learning to read for all ages.
