Performance Measure - Description

Our ability to serve increasing numbers of uninsured clients is dependent on the availability of general fund or grant revenue to cover the cost of their care.

Note: 4REAL federal grant funding ended in Sept. 2010. This led to a drop of 13,732 clients seen in the Adolescent Health Program for FY 2011. The Dental Education program also had a decrease. However, with the re-opening of the Southeast Health Center, the addition of provider teams at Rockwood and Mid-County Health Centers, and the restructuring of the 4REAL program including three year contract funding from Northwest Family Services will most likely result in an overall increase in the number of clients served by the Health Department.

Business related/professional "all staff" Dept communications = Notes from the Director, brown bags, all health emails.
