Executive Summary

The North Portland Health Center provides comprehensive, culturally appropriate primary care and enabling services to vulnerable citizens who are uninsured or underinsured and otherwise might not have access to healthcare.

Program Description

North Portland Health Center primary care services are designed to be a patient centered medical home. This includes reducing barriers to access, integration of behavioral health services, providing continuity and coordination of services and collaboration with community partners. Culturally competent primary care services are provided which include, treatment of acute and chronic illnesses, behavioral health, family planning, prenatal and preventive services (well child, immunizations). Ancillary support services are operationally integrated and include pharmacy and lab. Enabling services include Medicaid eligibility screening, medical interpretation, transportation, case management and health education. North Portland Health Center serves a population of which 70% who are below 100% of the Federal Poverty level, 25% are uninsured, 65% are Medicaid and 7% are Medicare. North Portland Health Center plays a significant role in providing safety net medical services to residents in the community.
