Significant Program Changes

Last year this program was: #40030, Medical Directors (Physician, Nurse Practitioner and Nursing)

Added a deputy medical director to this program offer. With Health Transformation and the need to coordinate medical records across systems, there is a need to optimize our Electronic health records (EHR) which requires clinical leadership and oversight. The new deputy medical director has responsibility for providing EHR leadership, as well as maintaining a clinical practice and supporting providers in their clinical practice.
