Executive Summary

Lab, X-ray, and Health Information Management provide essential clinical support to health delivery and emergency preparedness programs in the Health Department. These programs provide service support to delivery of care to clients of Health Department services including Primary Care, School Based Health Clinics, Disease Prevention Clinics, Dental and Corrections Health. A large percentage of uninsured clients are experiencing homelessness, mental illness and/or are women and children.

Program Description

Laboratory: Test clinical and environmental specimens, manage contracts, prepare for bio-terrorism and emergencies and surveillance of emerging infections. X-ray: Maintain diagnostic imaging and film archives. Health Information Management: Manage medical records systems to ensure comprehensive clinical documentation and compliance with all applicable licensing, regulatory and accreditation standards. Also fulfills role of Health Department's Privacy Official as required by HIPAA. The Clinical Infrastructure Services Group provides essential support to the health delivery and emergency preparedness programs within the Health Department. Laboratory and X-ray assist in the diagnosis, treatment, and monitoring of clients receiving health care in Health Department facilities. Health Information Management ensures proper documentation of health care services and provides direction, monitoring and reporting of federally required HIPAA compliance activities.

Legal/Contractual Obligation

Federal and state mandates require maintenance of medical records. HIPAA and state confidentiality and privacy laws require adherence to standards. Various grants require provisions of laboratory and X-ray services. The EMR and Practice Management contractual obligations will be as per the contractual agreement between Multnomah County Health Department (MCHD) and OCHIN. Multnomah County Health Department is the client receiving services from OCHIN in this agreement.
