Executive Summary

The Time and Attendance Unit's role is to provide time entry, audit, and reporting to management ensuring that agency staff are accurately paid as well as policies, contract language, and work rules are being consistently followed. The Unit works with employees and management to resolve any overpayment/underpayment issues that occur.

Program Description

The Time & Attendance Unit's responsibility is to enter and report working and non-working time accurately and in a timely manner for all 800 Sheriff's Office employees. The Sheriff's Office is a 24 hour, 365 days per year operation with many different employee schedules. The Unit performs time audits before the payroll cycle is run to ensure that employees are accurately paid and issues are found before they become paycheck problems.

The management of time is an important element to the efficient use of public money and is a common issue in 24/7 public safety operations across the nation. The Time & Attendance Unit is a major component of the Sheriff's Office time management and accountability initiative which includes appropriate levels of staffing; use of overtime; use of planned time off such as vacation, personal holidays, and comp time; and the use of sick leave.

Performance Measure - Description

 **Measure Changed**

The measure of special checks issued reflects processing outside of the normal payroll process which occurs when time reporting information was changed after check processing, omitted or from an error made in time entry.

The total time entry hours approved is a measure of the outcome of the time entry process which is then processed by County Central Payroll resulting in paychecks issued.
