Executive Summary

The Employee Benefits and Wellness Program provides comprehensive health plan coverage, life insurance options and disability benefits for over 10,000 eligible individuals, including employees, their spouse or domestic partner, dependent children and retirees. The Program also includes a Wellness component, which promotes and supports a healthier workforce, retirees and their family members by providing a wide variety of affordable activities and services addressing proper nutrition, weight control, fitness and stress management.

Program Description

Internal administration of the Benefit Programs supports the County's unique business and financial requirements, while providing sound fiscal management of the offered plans to obtain the best benefit value for employees and the organization. The highly trained professional staff oversee administration of a complex array of benefit plans ensuring the County remains compliant with labor contracts, federal, state and local laws and mandates.

The Benefits Program consults and coordinates with all County employees and departments to ensure timely enrollment in benefit plans, complete accurate payroll deductions, produce user friendly benefit communication/educational materials, and act as an effective liaison between employees and benefit providers to facilitate problem resolution. The program works closely with County labor and management to structure benefit components that provide desirable benefit options within budgetary constraints.

Wellness programs can contribute to a reduction in employee absenteeism, lower health plan costs, enhanced employee retention, and increased employee morale and productivity. Program offerings can be tailored to address the specific health needs of our population as targeted by health plan statistics: weight reduction, stress management, women's health, and cardiovascular health. The program offers a broad range of services to employees including convenient access to commercial grade fitness equipment, affordable on-site fitness classes tailored to work schedules, a library of wellness-related subject matter and incentives program for weight loss.

Performance Measures

Measure Type	Primary Measure	Previous Year Actual (FY10-11)	Current Year Purchased (FY11-12)	Current Year Estimate (FY11-12)	Next Year Offer (FY12-13)
Output	Medical plan annual member count	11,419	11,500	11,500	11,500
Outcome	Enrollment in Wellness sponsored activity	20,033	19,000	20,000	21,000
Efficiency	County's monthly per employee benefit cost - rate of increase	9.0%	5.0%	4.4%	4.4%

Performance Measure - Description

Output: Reports total number of members enrolled in health plan coverage at some point during the plan year. This includes employees, retirees, COBRA participants and dependents from all three. The FY year member count reflects the prior year experience.

Outcome: Reports number of individual visits to County Wellness Fitness Center sites, plus participation in specific classes or other offered programs (for example Wellness mini-grants, breast pump loan, weight loss subsidy).

Efficiency: Actual dollar costs per FTE FY 2010 rate \$942, FY 2011 \$1,080, FY 2012 \$1,128 . Departmental contribution increased in FY 2012 to build health plan reserves to acceptable level. New federal benefit requirements will likely cause cost increases over the next few implementation years. Four-year national average increase has been 6.23%.

Legal/Contractual Obligation

County labor contracts contain benefit mandates for active and retired members. Benefits are governed by a variety of federal/state/local laws and agencies, including Internal Revenue Service (IRS), Dept of Labor (DOL), Dept of Health and Human Services (HHS), COBRA, Working Families Tax Relief Act, Older Workers Benefit Protection Act, Genetic Information Nondiscrimination act (GINA), HIPAA, Patient Protection and Affordable Care Act (PPACA), CHIP, as well as civil rights and Equal Employment Opportunity laws.

Labor contracts require transit pass be provided by employer. OAR Chapter 340, Div 12 requires employers to make a good faith effort to provide incentives for employees to potentially reduce commute trips to worksites by 10% within 3 years. To meet this requirement, County assists DEQ with their bi-annual survey to determine current commute methods, then follows DEQ approved plan to meet target reductions.
