### Executive Summary

Exposure to parental conflict and the potential loss of a parent through divorce and separation places children at risk for delinquency, teen pregnancy and poor school performance, all of which can lead to a cycle of dysfunction and offending behavior. Family Court Services (FCS) helps keep children safe, parents healthy, families stable and promotes public safety through services to approximately 1,200 at risk families as they go through separation and divorce. Through parent education, mediation, evaluation, information and referral services, FCS stabilizes families involved with the Family Court and plays a critical role in preventing family dysfunction and juvenile delinquency.

### Program Description

The Parent Education Program (under FCS) provides divorce and parenting information to over 2,200 Multnomah County parents experiencing the major life transition of separation or divorce. Over 1,200 child custody mediations and approximately 100 child custody evaluations are performed each year to assist families experiencing high levels of conflict. Reducing parental conflict during separation decreases risks for delinquency and teen pregnancy, decreases subsequent litigation and increases children's meaningful contact with both parents (Wallerstein 1998; Emery 2001; Sarkadi et al. 2008).
