### Executive Summary

This FTE provides assistance in planning, training, response and coordination, as well as community outreach around disasters. Smaller cities within the county do not have emergency management programs but still have the need to coordinate their local first responders (police, fire, public works, volunteers, etc) in times of disasters. This assistance will allow our smaller cities to become more resilient to disasters and help protect our communities within our County. Planning and training at the local level will further enhance our preparedness to our communities and our citizens outside of the Metro area where resources are limited but risk to hazards are not.

### Program Description

This scaled offer would provide assistance to our eastern and smaller cities that are currently being serviced by an FTE that Gresham funded with 50% of its funding from a federal grant, Emergency Management Performance Grant (EMPG). The other 50% match to the federal grant comes from local cities. The 50% local match was split up between the local cities receiving services from this position with contributions from (Fairview, Wood Village, Troutdale and Gresham).
