### **Program Description**

This program ensures prompt restitution for crime victims in the State of Oregon. Established practices allow us to ensure that all victims will have the opportunity to request restitution. Those practices include instituting uniform standards, various checkpoints and statistical gathering mechanisms to prevent folks from falling through the cracks. As a result of these efforts, Multnomah County has more than doubled the rate of victim contact on cases where restitution is at issue. Restitution Collections have seen a marked increase in the very short time since the grant came into effect, seeing a return to 2007, prerecession collections levels. Restitution hearings are no longer being set over with frequency, providing big savings to the county. The Restitution Unit has also provided legal support to not only the Multnomah County District Attorney's Office, but also other counties, grant partners and local law firms. These efforts have allowed the Multnomah County District Attorney's Office to ensure that victims' constitutional right to prompt restitution is a top priority.
