Program Description

This program engages in the review and prosecution of cases involving drug and vice crimes such as the manufacture, distribution and possession of controlled substances; supplying contraband; tampering with drug records; crimes related to illegal gambling; money laundering and child neglect in the first degree involving controlled substances. This program has a key role in the local drug control strategy of reducing the supply of drugs through aggressive enforcement and prosecution. The program works cooperatively with other state and local and federal law enforcement agencies and the Department of Community Justice and the Courts, to reduce the demand for illegal drugs by requiring offenders to enter into mandatory treatment programs and drug courts.

This program stands as the gatekeeper for holding offenders accountable, improving social conditions by requiring addiction treatment, reducing illegal drug activity in our schools and helping to support the cost of local drug treatment programs. In the continuum of prosecution services, this unit prosecutes low, mid-level and high-level offenders and is key to making sure that offenders are held accountable for their criminal behavior. This program responds, investigates, and reviews drug overdose death cases and prosecutes offenders responsible for drug related deaths where appropriate.
