Executive Summary

Aging and Disability Services Division (ADS) Access and Early Intervention Services is the first point of contact for the county's 217,000 elderly, people with disabilities and veterans. Over 55,000 callers receive information and assistance and 13,252 people receive a variety of in-home, community and emergency services that support independence and prevent institutionalization and homelessness. These services are provided through the 24/7 Helpline and five District Senior Centers (neighborhood-based non-profit agencies).

Program Description

Aging and Disability Services Division (ADS) is the Area Agency on Aging and Disability for Multnomah County and as such is mandated to provide a comprehensive, coordinated service delivery system for older adults and people with disabilities, emphasizing low-income, limited English-speaking, ethnic minorities and frail persons. The Area Agency's goal is to help people stay active, independent and healthy, preventing or delaying nursing home admission, while employing evidence-based practices of cultural competency and practices to ensure effective outcomes.

Helpline and District Senior Center employees and volunteers counsel and connect older adults, people with disabilities, veterans and their families to county and community resources, public benefits, long-term care services and emergency services. ADS, together with contracted partners, provides case management and in-home services, including home-delivered meals, to more than 6,595 older adults and their families. These services are funded through Oregon Project Independence, Older Americans Act and County General Fund.

Transportation was provided to 1,202 individuals so they can access medical, nutrition and social supports. District Senior Centers provided 3,086 health, wellness and recreation activities to 28,788 seniors. The ADS network provided 620,298 congregate and home-delivered meals in the last fiscal year. Ethnic-specific community organizations provided targeted outreach and nutrition services to 907 ethnic and racial minority elders. Veterans services officers counseled 3,690 individuals and file claims for over 590 veterans.

Emergency Services help vulnerable, older adults and people with disabilities avoid homelessness and acute health emergencies by providing emergency housing assistance to 534 individuals, emergency prescription assistance to 372 individuals and special medical assistance to 136 individuals. Almost 85% of people receiving bed bug mitigation assistance were able to retain their housing after six months.
