**Executive Summary**

The North Portland Health Center provides comprehensive, culturally appropriate primary care, enabling and behavioral health services to vulnerable residents who are uninsured or under-insured and otherwise may not have access to medical care.

**Program Description**

North Portland Health Center primary care services are designed to be a patient centered medical home. This includes reducing barriers to access, integration of behavioral health services, providing continuity and coordination of services and collaboration with community partners. Culturally competent primary care services are provided and include: treatment of acute and chronic illnesses, behavioral health, family planning, prenatal and preventive services (well child, immunizations). Ancillary support services are operationally integrated and include pharmacy and lab. Enabling services include Medicaid eligibility screening, medical interpretation, transportation, case management and health education. North Portland Health Center serves a population of which 70% are below 100% of the Federal Poverty level. North Portland Health Center plays a significant role in providing safety net medical services to residents in the community.

**Performance Measures**

Measure Type	Primary Measure	Previous Year Actual (FY11-12)	Current Year Purchased (FY12-13)	Current Year Estimate (FY12-13)	Next Year Offer (FY13-14)
Output	Number of annual client visits	15,118	17,756	16,382	18,234
Outcome	% of children who are up to date on immunizations at 35 months of age	71.1%	85.0%	81.0%	85.0%
Efficiency	Number of days for a new patient appointment	2	7	1	2
Quality	% of patients who would "strongly agree" to recommend clinic to friends/family	60.0%	75.0%	68.0%	70.0%

**Performance Measure - Description**

Output: Total number of client visits.

Outcome: % of children who are immunized by 35 months: Immunizations are vitally important in preventing infectious diseases, many of which can occur in the first year of life.

Efficiency: # of days for new patient appointment: Measures effectiveness of timely availability for underserved Multnomah County residents to access health care services.

Quality: Client satisfaction survey question which asks if they would recommend this clinic to family/friends.

Performance Measures Variance Explanation:

# of annual client visits has been negatively impacted by prolonged physician vacancies.

## Legal/Contractual Obligation

## Significant Program Changes

**Last year this program was:** #40019, North Portland Health Clinic

The Nursing Supervisor position was eliminated and the Licensed Community Practical Nurse (LPN) panel manager increased from 0.90 FTE to 1.0 FTE. By increasing the FTE of the LPN, we are able to provide more consistent and continuous care to our patients by ensuring that the LPN is in the office during business hours. The position will be able to address patient and coworker concerns in a timely fashion and not have to follow up the next day.

Because of the smaller size of this clinic, we have eliminated the Nursing Supervisor position and will redistribute this work to the Clinic Manager who is an registered nurse.
