Executive Summary

Corrections Health Multnomah County Detention Center houses 448 adults and is composed of booking, 4th floor special housing, mental health housing and three floors of discipline and evaluation housing. Approximately 160-170 USM detainees are housed in the system daily.

Providing health care to detained individuals is the responsibility of Corrections Health. From first entering the jail through booking until release or transfer to another jail, prison or USM service, trained and skilled Corrections Health personnel provide effective screening, illness identification, evaluation and treatment through a system of policies and procedures that reflect the standard of care in the community and equal to other correctional facilities across the country. Over 38,000 individuals are cared for each year with over 60% having serious unstable and chronic health conditions, such as diabetes, kidney failure, infections, alcohol and drug withdrawal and major mental/behavioral illnesses

Program Description

This offer represents the health services to all four housing floors at MCDC. Approximately 400 detainees are housed in classification (new jail housing), female, male, close custody and mental health housing modules. Ninety-six rooms are designated for those with mental health diagnosis and cared for by a team of mental health nurses, consultants and providers for diagnosis and treatment. Early identification, evaluation and treatment provide safety for clients, especially for suicide prevention. A variety of treatments, such as managing alcohol and drug withdrawal, evaluating chronic diseases, preventing the spread of communicable diseases, medication management and emergency response are provided efficiently by 24/7 staff. This health care is delivered effectively through providing the right care in the right setting.

Performance Measure - Description

Legal/Contractual Obligation

From the US Supreme Court to the Oregon State Revised Statutes, necessary health care for incarcerated individuals is a right because they have lost their freedom to obtain care on their own. Access to care, an evaluation by a health professional and a right to receive care that is ordered is mandated by the 4th, 8th and 14th amendments. When serious health needs are not addressed by professionals, deliberate indifference to medical needs bring harm to individuals entrusted to our care. Corrections Health is bound by ethical standards to provide unbiased care to all individuals.

Explanation of Revenues

Corrections Health is unable to bill for services from 3rd party payers, insurance companies, Medicare etc. These rules and laws are under review both locally and nationally to determine if additional revenue sources can be made available to jails. A co-pay system is in place that charges the inmate accounts nominal fees for evaluations, clinic visits and medications. Many treatments, screenings, diagnostic tests and communicable diseases testing are at no charge to the individuals in order to provide safety.

Corrections Health MCDC Housing Floor 5, 6, 7 & 8 is funded by \$1,722,531 in county general fund. The program estimates to collect \$14,530 in medical fees that are included in the county general fund.

Significant Program Changes

Last year this program was: #40050C, Corrections Health MCDC Housing Floor 5, 6, 7 & 8

Corrections Health has reduced administrative staff and clinic staff has been maintained to ensure compliance with accreditation. Changes in contractual services and materials & supplies has been reallocated to the other Corrections Health scaled program offers. Overall, the budget for contractual services has been increased to better reflect actual expenditures for outsourced medical services.
