Executive Summary

The Facilities Director's Office provides comprehensive strategic and operational guidance on real property and facilities to County executives and operating departments. It directs and supports the strategies, policies, and operations of the Facilities Division within the Department of County Assets, and helps ensure the proper operation and functioning of the County's 130+ buildings.

Program Description

The Director's Office provides the oversight and direction that ensures the functionality and safety of the County's built environment by integrating people, place, processes and technology. Working with County departments, the Facilities Division creates safe and cost effective work environments for County programs operating in a wide variety of types of facilities, from office space to jails to health clinics to libraries.

In addition to Facilities operations, the Director's Office oversees the County's 5-Year Facilities Capital Improvement Program, and ensures that decisions made about County facilities are guided by Climate Action Plan goals (CAP 18-1, 18-2, 18-4, 18-8, 18-9).

In 2012, the Facility Asset Strategic Plan (FASP) was completed. During FY 2013 and continuing in FY 2014, the Director's Office will play an integral role in developing and implementing a multi-year recapitalization strategy for aging County facilities.
