Program Characteristics: In Target

Executive Summary

The period immediately following release from prison is a particularly high risk time for offenders. The Re-entry Enhancement Coordination (REC) Program is funded through the Edward Byrne Memorial Justice Assistance Grant Programs. The program provides targeted transition services to medium and high risk offenders. The REC team builds on the success of prison based substance abuse treatment and co-occurring disorder treatment offenders receive while incarcerated. The goals of the program entail: reducing offender recidivism, relapse and use of addictive substances; increasing offenders' engagement with treatment; and increasing offenders' ability to attain and maintain stable housing and employment.

Program Description

The REC program portion of this offer provides transition services for up to 150 offenders transitioning from Oregon State prisons who have successfully completed substance abuse and/or co-occurring disorder treatment. The REC team members include Volunteers of America (for substance abuse treatment) and SE Works (for employment readiness and job coaching). In addition, the Department of Community Justice (DCJ) contracts with Bridges to Change in order to receive alcohol and drug free transitional housing and recovery peer mentors.

The REC team's essential wraparound services in the first few months of release include: institutional reach-ins; coordination and oversight of services; and collaborative offender case management. The breakdown of annual services includes: 40 evidence-based outpatient substance abuse and co-occurring treatment slots; 23 alcohol and drug free transitional housing beds; 3 recovery peer mentors; and 1 employment and job development specialist. DCJ monitors compliance with the grant and collects data as required.

Performance Measures

Measure Type	Primary Measure	Previous Year Actual (FY11-12)	Current Year Purchased (FY12-13)	Current Year Estimate (FY12-13)	Next Year Offer (FY13-14)
Output	Percent of clients engaged in continuing care for at least 90 days	75.0%	0.0%	78.0%	75.0%
Outcome	Clients are free from arrest for one year post-release	64.0%	0.0%	68.0%	65.0%

Performance Measure - Description

 **Measure Changed**

The output and outcome measure are both new. The outcome measure is based on recidivism rate. Recidivism is a measure of new arrests within one year of program exit.
