Executive Summary

The Family Services Unit (FSU) supervises approximately 320 offenders, of whom 50% have children under the age of seven. Several offenders supervised by this unit have children involved in the juvenile system and/or are pregnant women. By collaborating with community partners, including the Juvenile Services Division (JSD), FSU protects children and works to break the cycle of cross-generational antisocial behavior and crime. Integrating supervision, child welfare, the Family Court, benefits assistance, housing, social and health services as well as addiction treatment allows FSU to efficiently address dynamics that place an entire family at risk.

Program Description

FSU is a unique program which supervises offenders within both the Adult and Juvenile Services Divisions. It is comprised of a multi-disciplinary team of staff from Child Welfare, Health Services, the Department of Corrections and mental health agencies. FSU emphasizes collaboration with other agencies for case planning, resource allocation and efficient service delivery.

The Family Support project (a community-based component of FSU) reduces recidivism of women through accountability, education and training, prioritization of self sufficiency and child welfare, and through facilitating access to necessary treatment or counseling. FSU supports the County's innovative 'one family/one judge' model, wherein one judge oversees all cases associated with a particular family. In addition, FSU's approach strengthens the family's resistance to future involvement in the criminal justice system. The program successfully defrays long-term child welfare and criminal justice costs associated with intergenerational criminal activity.
