Executive Summary

Reduced Supervision Team (RST) is the foundation for evidence-based practices in the Department of Community Justice (DCJ) Adult Services Division (ASD). The RST model provides minimal intrusion into the offender's life, takes care not to bring the offender deeper into the criminal justice system and encourages increased self-sufficiency. Over 2,200 offenders are supervised by RST annually.

Program Description

Offenders are assessed utilizing risk tools. Those who have the lowest risk to re-offend are routed to RST for supervision. Research shows that providing intense supervision to lower risk offenders is detrimental and causes more harm (Andrews, Bonta and Hoge 1990).

RST is a formal probation/parole/post-prison program that tracks the offender's supervision to completion. The offender is not required to see a Parole/Probation Officer (PPO) but must report any changes in address or employment, any law enforcement contact, and must receive permission to travel outside of Oregon. The offender must complete probation/parole/post-prison conditions. RST monitors new criminal activity and responds with an array of sanctions or redirection, which can include a caseload transfer for more intensive supervision, jail/revocation, electronic monitoring and/or community service.
